Declaration of carboNZero^{Cert™} certification

Organisation: Four Acres Limited

Trading as: Four Acres and Cook at Home Paella

Locations covered by certification: 34 Bellwood Avenue, Mount Eden, Auckland 1024, New Zealand

Telephone: +64 (0) 9 623 2963

Website: www.four-acres.com

Authorised representative: Jose Fowler, IT Consultant, jose.fowler@four-acres.com,

Greenhouse gas assertion: Four Acres Ltd meets the requirements of carboNZero^{Cert™} certification having measured its greenhouse gas emissions in compliance with ISO 14064-1, committed to managing and reducing its emissions and neutralised its remaining unavoidable emissions through the cancellation of an appropriate number of verified carboNZero credits in respect of the operational activities of its organisation including Cook at Home Paella.

Level of assurance: Limited assurance that the application for certification provides a true and fair view of Four Acres Limited's greenhouse gas emissions inventory

Materiality threshold: Excluded emissions do not exceed 5% of the total inventory for the boundary stated.

Carbon credit serial numbers: AAUs from Trustpower Windfarm projects 502671-502689

Certificate number: 2010086J

Base year: 01/04/2009 to 31/03/2010

Measurement period: 01/04/2009 to 31/03/2010

Valid until: 30 June 2011

Status of certification: certified small enterprise

Certification standards: carboNZero Standard for Certification incorporating ISO 14064-1:2006: Greenhouse gases – Part 1: Specification with guidance at the organization level for quantification and reporting of greenhouse gas emissions and removals.

Conditions of issue:

- The certificate has been issued following a certification process administered by Landcare Research which includes:
 - Measurement and calculation of emissions
 - Specification of scope of business activities emissions offset against
 - Demonstration of commitment to reduce emissions
 - Cancellation of approved carbon credits equivalent to the amount of emissions calculated
 - External verification
- Where carbon credits are purchased by the certificate holder, they cannot be traded – to do so would invalidate their carboNZero programme certification.
- The certificate is issued to cover the time period recorded on the certificate and the scope of emissions specified in the certificate holder's verified inventory.
- Landcare Research does not warrant the accuracy of any claims made by the certificate holder that are outside the terms of agreement signed between Landcare Research and the certificate holder.
